08/14/2007		Judge Robert B. Collings: Electronic NOTICE entered re <u>65</u> Joint Status Report. With respect to Part III "Additional Issues", since these matters were not the subject of motions to compel in the earlier action, the Court will take no action respecting them until a proper motion is filed in the instant case PRECEDED by the mandatory meet-and-confer procedure as required by both the Federal Rules of Civil Procedure and the Local Rules. (Entered: 08/14/2007)
08/14/2007		Judge Robert B. Collings: The Court has reviewed the <u>65</u> Status Report regarding outstanding discovery issues filed July 28, 2007. The pleading is 14 pages long and recites a number of outstanding disputes. The Court has further reviewed the transcript of the July 25, 2007 hearing before Judge Woodlock in which the following statements are made: Mr. Hornick (at p. 32): "All of the discovery disputes we had with defendants, I believe, have been resolved based upon conversations we've had in the last two weeks." "With respect to the discovery we have provided, there are no motions to compel pending [e]xcept — there are two, but I believe our agreement is that they are going to be withdrawn. The defendants have requested to meet and confer regarding some additional discovery they would like to have from us and we will give it to them to the extent that it exists." Mr. Chatterjee at p. 47: Our expectation, actually, is most, if not all, the motions are probably going to be taken off the table." The Court perceives a not so subtle "disconnect" between the representations made to Judge Woodlock and what is contained in the Joint Report. Accordingly, counsel are ORDERED to file, on or before the close of business on August 28, 2007, an UPDATED Joint Report which accurately represents as of that date whether there are any current discovery disputes, and if so, what they are. This Order does not apply to defendant Saverin in view of the stay of discovery which Judge Woodlock granted to him. (Entered: 08/14/2007)
